**Destination(s) and Activities: Whitney Museum of American Art, Gansevoort St, NYC**

Our third trip to the wonderful Whitney. We will tour the special exhibit of the influential and recognizable works of Andy Warhol. We will have a guide from the museum who will also develop an activity for our group. After lunch, we will return to the museum and provide each child with a sketchpad and color pencils, and sit and draw some of the beautiful art we see.

**Destination(s) and Activities: Snow Tubing in Shawnee, PA.**

Super popular trip! Great, safe winter snow fun! Sit in a large inflated inner tube and get pulled up a big hill, then slide down in a path carved out of the snow. Similar to sledding, but a more comfortable, softer seat, no steering required since the tube stays in the path and path has a soft stop. Get a longer ride than an ordinary hill and no need to trudge back up pulling a sled. Lunch on the way there at McDonald's, and snack on the trip home. Plenty of adult supervision. Exhilarating, outdoor fun!

**Dress in layers and with hat, boots and gloves.**

**Destination(s) and Activities: Aquatopia at Camelback Resort, Tannersville, PA**

A smash hit trip! It's 84 degrees and fun at this splashtastic water park. We will enjoy age appropriate water fun in the various playing pools, tube floats, bucket splashing pools, slides and more. As always we will have plenty of adult supervision. Do not need to know how to swim.

**Please send backpack with bathing suit, towel and flip flops.**
